

ResiXperts Welcomes Bragg Home Services as Its Sixteenth Platform Acquisition

Trusted Northern California HVAC & Plumbing Leader Joins Growing Home Services Platform, Retaining the Bragg Brand

April 7, 2026 — ResiXperts, Southwest U.S.’s leading residential home services platform, today announced a strategic partnership with [Bragg Home Services](#), a trusted multi-trade provider serving Sonoma, Marin, and Napa counties in Northern California since 1968. The partnership marks ResiXperts’ 16th acquisition since its founding in 2023, continuing the platform’s rapid expansion across the Western United States.

Founded 58 years ago, Bragg Home Services has built a premier reputation across the North Bay for residential plumbing, heating, and air conditioning services. A Mitsubishi Electric Diamond Contractor with a lifetime workmanship guarantee, Bragg brings exceptional brand quality and deep community roots to the ResiXperts platform. The partnership expands ResiXperts’ presence into one of the most dynamic home services markets in the country.

“Bragg Home Services is exactly the kind of partner we look for — a business that has earned the trust of its community over decades through quality work and genuine care for its customers,” said Bruce Mungiguerra, Chief Executive Officer of ResiXperts.

“Strategically, this partnership expands our footprint into the North Bay, opening a key market in Santa Rosa and strengthening our overall presence across California. We’re excited to invest in their continued growth.”

“Partnering with ResiXperts was about finding the right home for this business and the people in it,” said Rick Chandler, Owner of Bragg Home Services. “My team and I are proud of what we’ve built, and we’re excited to continue leading Bragg with the added support and resources ResiXperts brings. This is the right partnership to take the business to the next level.”

[About ResiXperts](#)

ResiXperts, backed by FoW Partners, acquires and supports leading residential service companies in the HVAC, plumbing, and electrical industries. Focused on the Southwestern and Western U.S., ResiXperts invests in businesses with strong leadership, a service-first mentality, and an emphasis on replacement and repair.
